The Board of Directors will propose that a dividend of 1.10 euro shall be paid on each Series A and Series K share on the basis of the adopted balance sheet for 2020. The dividend will be paid to shareholders registered in the company's register of shareholders held by Euroclear Finland Ltd on the record date of the dividend payment, 6 April 2021. No dividend shall be paid on treasury shares held by the company on the record date. The Board of Directors proposes that the dividend be paid in two instalments, one half on 20 April 2021 and the other half on 3 September 2021 to those registered as shareholders on the record date 27 August 2021. There have been no substantial changes in the company's financial position after the end of the accounting period. The company's liquidity is good and, according to the Board of Directors' understanding, the proposed distribution of profit does not endanger liquidity.

The Annual General Meeting shall authorise the Board of Directors to decide on a new record date and payout date for the second instalment of dividends should the rules and regulations of the Finnish book-entry system be amended or otherwise dictate such a change.

9. Resolution on the discharge of the members of the Board of Directors and the Managing Director from liability

10. Resolution on the remuneration of the members of the Board of Directors

Shareholders who jointly represent more than 70 percent of voting rights in the company have notified the company that they will propose to the Annual General Meeting that the following members of the Board of Directors be re-elected for a period ending at the next Annual General Meeting: Hakkarainen Pentti, Hortling Nora, Markula Elisa, Heinonen Lasse and Paltola Päivi, and that Juho Nummela be elected as a new member of the Board.

15. Authorising the Board of Directors to decide on the acquisition of treasury shares

The Board of Directors proposes that the Annual General Meeting would revoke all existing unused authorisations to acquire treasury shares and authorise the Board of Directors to decide on the acquisition of a maximum of 500,000 of the company's own Series A shares in one or more lots using the company's unrestricted equity on the following terms and conditions:

The shares shall be acquired in public trading arranged by NASDAQ OMX Helsinki Ltd, due to which the acquisition shall constitute a deviation from the pro rata principle among shareholders, and the compensation payable for the shares shall be the market price of the Olvi A share at the time of acquisition. The shares shall be acquired for the purpose of financing or executing any upcoming corporate acquisitions or other arrangements, implementing the company's incentive schemes or for other purposes decided upon by the Board of Directors. The maximum number of shares to be acquired represents approximately 2.4 percent of all shares in the company and approximately 0.5 percent of all votes, which means that the acquisition would not have any significant effect on the distribution of shareholdings and voting rights in the company.

The Board of Directors shall decide upon other matters related to the acquisition of treasury shares.

It is proposed that the authorisation to acquire treasury shares shall be valid until the closing of the Annual General Meeting 2022, however no longer than 18 months from the General Meeting's decision of authorisation.

16. Authorising the Board of Directors to decide on a share issue

The Board of Directors proposes that the Annual General Meeting would revoke any existing authorisations concerning share issues and authorise the Board of Directors to decide on the issue of a maximum of 1,000,000 new Series A shares and the transfer of a maximum of 500,000 Series A shares held by the company as treasury shares ("Issue authorisation").

The new shares can be issued and the treasury shares transferred in one or more lots either against payment or free of charge. The new shares can be issued and the treasury shares transferred to the company's shareholders on a pro rata basis in relation to their existing holdings, or a private placing can be executed in deviation from shareholders' pre-emptive rights if a weighty economic reason for this exists from the company's viewpoint, such as financing or execution of corporate acquisitions or arrangements, development of the company's equity structure, improvement of share liquidity or implementation of the company's incentive schemes. A private placing can be free of charge only if a particularly weighty economic reason for this exists from the company's viewpoint, taking into consideration the interests of all shareholders. The Board of Directors shall decide upon other matters related to share issues.

It is proposed that the issue authorisation shall be valid until the closing of the Annual General Meeting 2022, however no longer than 18 months from the General Meeting's decision of issue authorisation.
